About the Program

Become certified for one of the most in-demand occupations in agriculture. The Agronomy Applicator Technology diploma is a one-year program that trains you to be an effective and efficient custom applicator through classroom, laboratory and internship experiences.

Among topics you will learn are:

- Pest management
- Crop scouting
- Crop protection products
- Ag industry machinery maintenance
- Pesticide and fertilizer equipment
- Basic/advanced custom application

Hands-on experiences that build confidence include operating forklifts, self-propelled sprayers, fertilizer applicators, skid loaders, and semis.

Students in Ridgewater's nationally recognized Agriculture program excel in the workforce in part due to the commitment to and experience in required, paid internships.

Students may also earn the following certifications and licenses:

- Forklifts
- Commercial applicator
- First Aid
- Class A Commercial driver (CDL)
- OSHA 10-hour (Occupational Safety and Health Administration)

In addition, you may also choose to attain complementary credentials by taking additional coursework in Agri-business and Crop Sciences, if desired.
