MINNESOTA TRANSFER CURRICULUM (MnTC)

The Minnesota Transfer Curriculum (MnTC) is the means by which students will transfer their completed lower division general education requirements to any public university in Minnesota beginning FALL, 1995. The specified transfer curriculum will be accepted as a package, allowing transfer of general education from two-year colleges to universities or for transfers from one university to another.

All such “packaged” courses or transfer curricula are certified by the faculty of the sending institution as meeting the goals and student competencies agreed upon by representatives of all public higher education systems in Minnesota.

Beginning Fall 1995, all students who enroll initially at Ridgewater College will be eligible to complete the MnTC. All new students who seek the Associate in Arts (A.A.) degree must complete the MnTC. New students who seek the Associate in Science (A.S.) or Associate in Applied Science (A.A.S.) degree may complete portions of the MnTC.

Students who enrolled at Willmar Community College/Ridgewater College before Fall 1995, and students who transfer credits into Ridgewater College from another school, may be eligible to complete the MnTC. If you are such a student, you must consult with a Counselor and/or Advisor in order to assess your eligibility and evaluate the MnTC for your specific situation.

- **Ridgewater College’s degrees, and their relation to the MnTC**
  
  Ridgewater College offers three degrees:
  
  THE ASSOCIATE IN ARTS (A.A.) DEGREE. The A.A. is a transfer degree for which the MnTC was developed. The MnTC is the general education component (40 credits) of the A.A. Degree. All students seeking an A.A. Degree who entered Ridgewater College in Fall 1995 or later will take the MnTC as their general education core requirements.

  THE ASSOCIATE IN SCIENCE (A.S.) DEGREE. A.S. programs are transfer degrees with courses approved by both Ridgewater College and four-year colleges and universities. An Associate in Science program shall include a minimum of 30 semester credits in general education courses. General education courses shall be selected from at least six of the ten goal areas of the MnTC. An A.S. degree may include the entire MnTC. (MnSCU Policy 3.17)

  ASSOCIATE IN APPLIED SCIENCE (A.A.S.) DEGREE. An A.A.S. program shall include a minimum of 20 semester credits of liberal arts and sciences courses. General education courses shall be selected from at least three of the ten goal areas of the Minnesota Transfer Curriculum. (MnSCU Policy 3.17)

- **The Minnesota Transfer Curriculum has ten goal areas:**
  
  1. Communication
  2. Critical Thinking
  3. Natural Sciences
  4. Mathematical/Logical Reasoning
  5. History and the Social and Behavioral Sciences
  6. The Humanities and Fine Arts
  7. Human Diversity
  8. Global Perspective
  9. Ethical and Civic Responsibility
  10. People and the Environment

  Ridgewater College courses which apply to the above goal areas are indicated on subsequent pages. An individual course may be used to meet two goal areas. In these instances, the course may be used twice to meet different goals, but the credits can only be counted once.

- **Academic Advising**

  It is important that students work closely with their advisor as they plan coursework designed to meet the requirements of the Ridgewater College General Education Minnesota Transfer Curriculum. Advisors will also assist students in achieving their educational goals, such as an Associate in Arts degree or meeting course requirements for a specific major. Students will meet with their advisor each semester prior to registering for classes.

NOTE: All Speech (SPCH) courses changed to Communication Studies (CMST) effective Fall 2011.
1. COMMUNICATION
Goal: To develop writers and speakers who use the English language effectively and who read, write, speak and listen critically. There are three options to fulfill Goal One depending on testing placement and educational goals. Please work with your advisor to find the appropriate option for you.
Option 1: 9 credits/3 courses
*Must take 1 CMST and 2 ENGL
Communication Studies 121 - Introduction to Communication (3)
