

Crane Operator New Certification

Crane Certification Prep Course

This three-day prep class assists mobile crane operators in preparing for the NCCCO written exams for one or more of the following: swing cab, fixed cab, and lattice boom cranes.

Note: This is not a basic crane operator course – it is the preparation course for certification. This is for anyone required to operate a crane as part of his/her duties. Attendees should have experience in the crane type they will do the practical test on.

NCCCO Scheduled Examinations

Candidates must take a core exam, plus one or more specialty exams. Free tutoring available for Ridgewater students who need support to retest.

Crane Practice & Familiarization for Practical Test

Optional practice times can be scheduled so that candidates may practice the skills needed for the crane practical exam.

NCCCO Practical Tests

Candidates will be scheduled for the practical exams at times and dates to be determined.

Ridgewater College endorses the national certification program offered by the National Commission for the Certification of Crane Operators (NCCCO) and provides training to prepare candidates for CCO examinations.

Crane Operator Recertification

Crane Recertification Prep Refresher Course

This prep class prepares mobile crane operators who are due for their five-year recertifications to take the NCCCO written exam for one or more of the following: swing cab, fixed cab, and lattice boom cranes.

Note: This is for certified operators due for recertification testing.

Course also provides updates on new OSHA laws and reviews load charts.

NCCCO Scheduled Examinations

Candidates must take a core exam, plus one or more specialty exams.

Free tutoring available for Ridgewater students who need support to retest.

Note: Candidates who can attest to at least 1,000 hours crane-related experience during their period of certification do not need to take the Practical Exam to recertify. Crane-related experience is defined as: operating, maintaining, inspecting, or training on cranes.

Ridgewater College endorses the national certification program offered by the National Commission for the Certification of Crane Operators (NCCCO) and provides training to prepare candidates for CCO examinations.
