

Ag Career Fair & Product/Services Showcase

1 event - 3 great ways to connect!

Our **Ag Career Fair** takes place each December and runs from 8:30 am to 12:00 pm in the Willmar campus gymnasium. The event allows you to network with our Ag students to discuss internship and employment opportunities. It also allows you to meet with our students to discuss products and services you provide. We provide a table and two chairs for your exhibit. Because you provide value to our students' education and we appreciate your time and support, there is **no cost to participate**.

As part of the event, **breakout presentations** are available. These 20-minute sessions allow you to maximize your exposure to students. You'll be able to chat with students about your products, services and/or employee needs in a classroom setting. While these are optional, we encourage all participants to take advantage of this opportunity.

You also have the opportunity to conduct **job interviews** with students during the afternoon session. Consider this opportunity if you're seeking employees or if you are interested in providing students with interviewing experience. Our students sign up in advance so we'll ask you to provide us details about your job opportunities in advance.

To learn more about this event, contact Tammy Howe at tamara.howe@ridgewater.edu or 320-222-5271.
