About the Program

Computer support technicians usually comprise the majority of personnel in a typical Information Technology (IT) department. As a trained IT support team member, you would maintain, upgrade, install, and repair the different business computer systems. It's a lot of behind-the-scenes work, but oh, so satisfying when you are the technology lifesaver in a situation.

At Ridgewater, you will gain expertise in:

- Operating system installation
- Information technology (IT) hardware management
- Software updates
- Troubleshooting strategies
- Industry certifications such as CompTIA and Microsoft

Flexible scheduling and varied class formats helps working and commuting students succeed while participating in class, viewing web broadcasts or recordings, or learning online.

Program Distinctions

- Microsoft Imagine Academy curriculum, certification and support for student success and future employment success in technology-driven world
- CompTIA E2C education-to-consumer member for student benefit
- Strong community and IT employer relationships for internships and jobs
- Industry-experienced faculty with varied backgrounds
- Active Computer Systems Technology club
- Specialized social media sites for student educational collaboration/networking

Career Info

Computers are here to stay, and our expectations of them and dependence on them continues to grow, making the need for computer support technicians strong now and in the future.

Job availability is expected grow well above the state average in Minnesota, about 8% from 2019 to 2029, according to the US Occupational Outlook Handbook. Demand in central Minnesota is even higher, nearing 12%.
