# Health Information/ Medical Coding

[ridgewater.edu/healthinformation](http://ridgewater.edu/healthinformation)

Fully Online

## About the Program

Ridgewater offers several healthcare careers that manage information and other health-related data. Health information holds legal, scientific and medical value and is critical in this day of electronic medical records.

A Health Information Technician (HIT) controls the usage and release of health information in clinics, hospitals, nursing homes, agencies, and insurance companies. A medical coding specialist works with healthcare staff to accurately assign diagnoses and procedure codes so financial reimbursement is correct from insurance companies and government agencies.

You become familiar with anatomy, physiology, medical terminology, diagnostic and procedural terminology, computers, and pharmacology.

## Career Info

Job growth projections for 2018-2028 are very strong at 18.8% for central Minnesota and 10.4% for Minnesota, leading to extremely good placement. Entry level HIT Minnesota wages

## Program Distinctions

- Learn electronic health systems
- Earn your diploma or degree totally online
- Personalized industry experientials build confidence
- Become a Certified Coding Associate (CCA)

average \$17.30, with median wages of \$20.27.

You may work in software and computer companies, medical research and manufacturing companies, hospitals, insurance companies, home health agencies, or clinics.

A medical coding specialist is employed by healthcare facilities, such as clinics, nursing homes, and hospitals. You may work closely with other members of the healthcare team to assess medical record accuracy for third-party payers.

Career opportunities include:

- Health information manager
- Clinical data specialist
- Patient information coordinator
- Document and repository manager
- Medical coding specialist
