AWARDS AND ACADEMIC DISTINCTION

Associate in Arts (AA) Degree

Awarded to students for the successful completion of the Minnesota Transfer Curriculum and at least 60 semester credits. It is intended to constitute the first two years of a four-year degree.

An AA degree that is a transfer pathway is awarded upon successful completion of a 60-credit academic program in the liberal arts and sciences. Transfer pathway programs are designed to ensure completion of designated baccalaureate degree programs at Minnesota State universities.

Associate in Science (AS) Degree

Awarded to students for the successful completion of programs of at least 60 semester credits and which have highly structured, professional-level technical requirements. Recipients of the AS Degree will be prepared for transfer to related baccalaureate degree programs at four-year institutions. Some AS programs may exceed 60 credits if certain criteria are met.

Associate in Applied Science (AAS) Degree

Awarded to students for successful completion of 60-72 semester credits through a combination of technical and general education credits and is primarily intended to prepare students for employment. Some AAS programs may exceed 72 credits if certain criteria are met.

Diploma

Awarded to students for successful completion of technical and general studies requirements. Diplomas are 31-72 semester credits in length and are intended to provide students with employment skills. A minimum of 24 credits are in occupational or technical courses. Some diploma programs may exceed 72 credits if certain criteria are required, such as requirements by a licensing body or regulatory agency.

Certificate

Awarded to students for successful completion of a specialized program of study that is 9-30 semester credits in length.
